EMPOWERING OUR COMMUNITY THROUGH LEADERSHIP, QUALITY EDUCATION AND TOUCH OF CARE

"Sowing the Seeds of Success"

YOUTHESTA - 6

ACADEMIC YEAR: 2022-23

SCIENTIFIC TEMPRAMENT

Scientific temper is vital for India to enhance the competitive and innovative quotient of the country. If more pupils pursue STEM, then India can become a research hub with commensurate growth of innovation start-ups which can arrest brain drain and put India at the forefront of gaining global market.

National Education Policy 2020 has made the curriculum more flexible giving the students freedom to design their course taking subjects from both science, arts or commerce stream conforming to their interest. Recent decision of the government to promote Indian Knowledge System by forming many IKS centres, opening prospective research and encouraging student internships will foster an environment for holistic development of a child. Connecting students with mentors/scientists to pursue research and giving them stipend will inspire them to work with dedication.

In this aspect Atal Innovation Mission is pivotal to inculcate zeal of the study of science among students and also to expedite entrepreneurship. The tinkering labs are built with the intent to imbue students with design mind set, adaptive learning, physical learning, and newest technology to ignite a spirit of inquiry and inclination towards science in them. Introduction of coding classes from 6th standard is also congruous with this intent. We are also in a verge of reviewing various books, having a talk with various educationalists, even we have visited various reputed schools all over Gujarat. The complete curriculum design and the short listing of the books for next academic year is under process. Soon we will be designing the best frame for our students.

Activities/Celebration held in November 2022

Primary and Secondary Section

1
Nov

Kudo Federation Cup 2022-23

Darshil Chauhan secured second position in 3rd Kudo Federation Cup 2022-23 and Akshay Kumar 14th International Kudo Tournament 2022.

Children's Day Celebration Theme: Traditional outdoor games-Childhood beyond gadget

Childhood is one of the most beautiful and enjoyable phases of life. Childhood quotes take you down memory lane and help you cherish the good old days and get nostalgic. Our managing director always enjoys spending his precious time with kiddos....

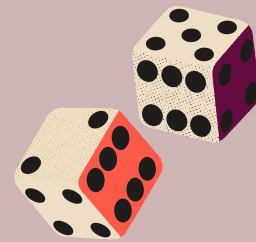

On the occasion of children's day students built so many memories by learning and playing traditional games. To make a day special some special set of performances were done by teachers:

- 1) Beautiful dance was performed by our teacher SrishtiChakraborty.
- 2) Teachers: Dolly Dubal, Kashmira Bhattacharya, Bhavika Patel, Krupali Dandiwala, Shobha Tiwari, Sheetal Nagrasana created a witty classroom scene on stage.
- 3) Speech on 'Children's Day' by Priyanka Varshney and Song by Sheetal Nagrasana.
